### PATIENCE IS A VIRTUE

*Please enjoy the scenery and relax. We're telling you this since we may have the world's smallest kitchen for the volume of food that we serve. All of our food is prepared to order and there can be backups during peak times in the busy season. We don't want to turn people away; we'll do our best to forewarn you when there will be an extended wait. Thanks in advance for your patience and understanding!*
